**Commodore's
Comments**

The year just keeps moving along. . February brought us the Sweetheart Cruise put together by Gale Gradle-Dameron to the Lincoln Village Yacht Club where a good time was had by all. The good food and music always helps.

I'm sure everyone had a good time at the annual crab feed put on by the still "Robust Cooking Crew" and great service by the Juniors.

March marks the start of a busy time at the Stockton Sailing Club. You can almost feel the club stretching and getting ready for a busier time. March marks the month when racing starts (with three races) and the hopefully spring-like weather sees lots sailboats in the San Joaquin River. There also a cruse going to Tiki Lagun towards the end of the month.

March is a time that many of us look forward to. We sail more. We get out to our boats more often. We sail more. We stay out sailing longer and have more good times. We sail more. We see activity in the boatyard. We sail more. Members wash and wax their boats. We sail more. The cobwebs come off. We sail more. What can I say; it's spring according to us sailors. . We sail more.

See all of you on the water.

Commodore Stefani called the meeting to order.

Board Members Present: Mike Stefani, Tom Lueck, Chris Corbin, Pete Roberts, Paula Almaas, Peter Hine, William Humphreys, Bob Camarena, Abe Ayala, and Hank Colberg.

Board Members Absent: Peggy Feakes

Others in Attendance: Susan McLain

Agenda: Motion to approve agenda for February meeting:
Hine/Camarena (M.S.P.)

Minutes: Motion to approve January minutes as presented:
Hine/Colberg (M.S.P.)

Financial Statements: The complete November 30, 2006, Financial Statement was distributed and discussed.

Motion to approve the November 30, 2006, Financial Statement:
Lueck/Ayala (M.S.P.)

The Board also received the December 31, 2006, Financial Statement, which was reviewed and discussed.

Motion to approve the December 31, 2006, Financial Statement:
Lueck/Ayala (M.S.P.)

Correspondence:

1. Requests for termination of membership from:
Butch and Kathy Michel
Thomas Boyce, junior membership
Daniel Cammarano, junior membership

2. Requests for Leave of Absence from:
Mike and Patti Cole
Glenn Wescombe

3. Request for final extension of Leave of Absence from:
Steve Estarziau

Motion to accept all requested changes in membership status effective March 1:
Humphreys/Camarena (M.S.P.)

4. Request by Vivian Matuk of the Coastal Commission to hold the next California Clean Boating Network meeting here on April 5 or 12. It was decided to schedule the meeting at a later date.

(continued next column →)

(continuation of Board Minutes...)

5. Request from the California Association of Harbor Masters to ask members of the club to participate in a survey regarding the state's attempts to mandate mandatory boater certification.

6. Proposal from the State Department of Boating and Waterways to offer power boating safety courses. It was declined.

Old Business:

1. D Dock pilings: Pete Roberts reported that the new pilings on D Dock have been installed and the caps will be installed later.

2. Dredging: Mike Stefani stated we have a contract with KSN to do research for the dredging committee. This will assist the committee in developing their long-term dredging strategy.

3. Accounting conversion: Susan McLain updated the Board on the status of the conversion. By April 1, 2007, all accounting will be on Quick Books.

4. Harbor and crane rules: Tom Lueck has retyped the rules and posted them.

5. Work party to clean clubhouse burgees: This was assigned to Susan McLain and will be discussed at a later board meeting.

6. Research for club tenure awards: This is postponed until the March meeting.

7. Recommendations for weed abatement in the harbor: This was assigned to Susan McLain who reported it is an ongoing process.

8. Embosser and original Articles of Incorporation: A stamp with the club seal has been located so we no longer need the embosser and no change in the by-laws is needed.

9. Planning for SSC's 75th Anniversary in 2008: Susan McLain is organizing member assistance with this event.

10. RBOC donation billing to be changed to September so that check can be presented to RBOC in November. Susan McLain has made this change on her planning calendar.

11. Dock space for Golden Gate Tall Ship Association in July 2007: Susan McLain will give them our available dates.

Adventures in Paradise Boaters

Several years ago during a dark and stormy night (ok it may not have been stormy but it was dark) the phone rang at the Stockton Sailing Club. The call was for a club member; a friend had gone off course and impaled a classic power boat on some treacherous rocks several miles down river. The tide was rising and the victims had no way off the stricken vessel. Immediately the sailing club members energized and went into action. Two vessels were dispatched. One a small shallow draft capable boat and the other a long range vessel where the victims could be kept warm and dry for the trip to dry land.

The rescue of the hapless boaters was accomplished successfully but then the “woody” needed assistance. It was secured so no further damage would happen through the actions of the savage waters.

A plan was drawn up for the tomorrows’ adventure. The plan involved the procurement of pumps, timbers, levers, towing lines, and strong backs.

Sunrise saw a determined salvage armada made up of several vessels from the sailing club, crewed by a dozen of the Stockton Sailing Clubs’ finest, charging out to reclaim the stricken vessel from the grasp of the mighty San Joaquin River.

Several hours into endeavor it became apparent that all the intricate planning was coming to fruition. With the accompaniment of loud cheering the “woody” was released from the deadly clutch of the claw like boulders. Next, with knife edge precision timing the vessel was wrapped in a protective sheath and the water was removed by a complicated dewatering procedure. The vessel was then escorted to a nearby marina where repairs were skillfully done to restore the fine motor vessel to its’ classic condition.

Why, you might ask, did a bunch sailors come to the rescue of a motorboat and its’ crew? Most sailors have experienced peril before and many were assisted by fellow boater. Simply, the favor was returned.

(continuation of Board Minutes from page 4)

New Business:

1. The new membership cards are at the printer and will be distributed soon. The 2006-07 Roster is in progress.
2. Pete Roberts reported there is dry rot around the office. The stairs also need to be sanded and painted. This work will be done in drier weather with volunteer help.

Facilities Manager’s Report: Susan McLain submitted a written report dated February 13, 2007, which the Board reviewed and discussed.

There are currently 32 slip vacancies in the harbor.

The club now has two boats from unsuccessful lien sales. They will be advertised for sale.

Next year’s contribution to RBOC will be reduced by the total amount credited back to the members in 2006 who chose not to contribute.

A bid has been submitted for new gate and clubhouse control keys.

The finger repairs on G dock are near completion and F dock is next to work on. Other small repairs and improvements on the docks are taking place.

Changes were made in the gas line for the retreat area so it should be easier to light the stoves and water heater. The estimate is \$2500.00 to repair the roof and to extend the shelter over the doorway of the junior room. Various other repairs and maintenance have taken place in and around the clubhouse and warehouse.

The Learn to Sail grant was approved by the Department of Boating and Waterways and is extended through February 2008.

A collection agency is working on collecting four delinquent berthing accounts.

Committee Reports:

Dredging Committee: See Old Business above.

Membership Committee: Abe Ayala reported that there are three new membership applications: Robert and Patricia De Haan, Ronald Leonardini, and Perry and Elizabeth Johnson.

Motion to approve new applications for membership:
Lueck/Humphreys (M.S.P.)

(continued on page 6)

(continuation of Board Minutes from page 5)

FBLI Committee: Peter Hine distributed the first draft of the SSC Budget for the fiscal year beginning April 1, 2007. The proposed budget was discussed by the board and will be presented at the February General Meeting for comments and input. The proposed budget includes no increase in berth rent or dues and a 3% cost of living increase in income and expenses for contractual items.

Regatta: No report.

Rules and Policy: No report.

Social and Cruise: Abe Ayala reported that the Sweetheart Cruise was a success.

Junior Sailing: Tom Lueck reported that the Lincoln High School sailors may choose to become a club rather than a racing team.

Sailing Programs Oversight: No report.

Meeting adjourned.

VALKYRIE FROM CABO SAN LUCAS TO SAN DIEGO

I was fortunate enough to be able to help Dave Eberhard move their boat from Cabo San Lucas to San Diego. Rosie needed the break so I volunteered.

We left at 12:30 PM on a Wednesday. There were quite a few whales but not very close. There was very little wind and the ocean looked like glass so we made good time that day and the next. Dave saw quite a few dolphins. When we got close to Turtle Bay, the wind and the wind waves picked up – there's nothing quite like pitching and thrashing in the middle of the night! But we were still able to make good time and we got into San Diego at 5:30 PM on the following Monday.

The very last day at sea was truly exceptional. It started off with a humpback whale breaching right next to the boat – if I had been at the bow, I could have touched it. And then, we got boarded by the Mexican Navy – automatic weapons and all. And then, a US Navy helicopter circled overhead to give us a once-over. And then, as we were going into Point Loma, a nuclear submarine (with all attendant patrol boats, including two Navy boats that looked like something out of Star Wars) was coming out – we were within a boat length or two of it. And then, a two-masted sailing vessel (from Pirates of the Caribbean?) was sailing out of the harbor. And then, as we were tied up at the customs dock, the Navy brought two sea lions that they were training for underwater rescue and recovery work. It was a great trip!

SOCIAL & CRUISE NEWS

We have a very exciting cruise planned for Tiki Lagun. This year, Rand and Janet McHugh are sponsoring the cruise. They have planned to have a salsa contest so come and bring your best salsa to be entered. We are also having a white elephant gif exchange so pick out your funniest, strangest, silliest white elephant and bring it along to be part of the fun. For time and information, see the flyer in Dock Talk and also in the Club House.

We are limited to 10 boats so be sure to sign up early.

The Sweetheart Cruise to Village West Yacht Club was a great success. The weather was not the best but it didn't stop any of the participants from having a wonderful Valentine's Day festival. Dinner was a treat - prepared and served by Village West Yacht Club members followed by our raffle and dancing to great music.

I'm looking forward to seeing you at our future events and don't forget to sign up to prepare one of the Friday night dinners.

As usual, I'm looking forward to seeing y'all there!!

UPCOMING BLUE WATER CRUISE NEWS

At the Blue Water Cruise reunion on Saturday, December 22, it was decided that, in 2007, we would again go south to Monterey Bay. The cruise will begin on Saturday, Sept. 15, and continue for the next week. In addition, there was interest in a 2nd cruise going north to Bodega/Tomales Bays. If there are enough members that want to do that to organize a cruise, it would continue for the next week (begin the following Saturday, September 22). Of course, it wouldn't be required that you go on the first week's trip to Monterey to head up to Bodega and Tomales Bays, since in coming up north from Monterey, on the way to Bodega, the group would pass through San Francisco Bay.

There was also a lot of interest in a stop at Moss Landing, which would be most convenient by adding a day to the trip, so that we'd return to SF Bay on Saturday, September 22 rather than the traditional Friday, if the Moss Landing stop is in the final schedule we decide on.

Tides at the Golden Gate for Saturday, Sept. 15:

Max ebb	0700	2.60 knots
Slack	1021	
Max flood	1315	2.35 knots

And for Saturday, September 22:

Max flood	0815	2.80 knots
Slack	1130	
Max ebb 1330	1.70	knots
Slack	1700	

These tides would be OK for getting out of the Gate, but coming back in the next weekend would have us bucking the ebb, as we did in 2006. The forecast tides would also be OK for an entrance to Tomales on Sunday, Sept. 23 or Monday, Sept. 24.

**2007 BLUE WATER CRUISE TO MONTEREY
PLANNING MEETING - SAT. MARCH 10**

On Saturday, March 10, at 9:30AM, there will be a planning meeting for the 2007 Blue Water Cruise to Monterey. The cruise is scheduled for Friday Sept. 14 through Saturday, Sept. 22. We'll make stops at Half Moon Bay, Monterey, Moss Landing (with a dinghy safari into Elkhorn Slough), then on to Santa Cruz, and back to Half Moon Bay and San Francisco. If you've never been out the 'Gate but have the urge to go, this is the perfect opportunity! For more information, attend the meeting, or talk to Peter Hine (209) 957-4905.

See you Saturday, March 10!

Around the Harbor

A new call-out for assistance from the RBOC has been issued to our members. Legislation has been introduced with layers of provisions that could ultimately require mandatory boater certification for all boaters. It is being referred to in Sacramento as "Vessel Operator Certification." The CAHM&PC (California Assn. of Harbor Masters and Port Captains) and the RBOC are working together to deal with all concerns related to this bill and with the language of the bill. While the DBW is not issuing an opinion for or against certification, they are interested in seeing that the entire boating community is represented. Concerns are raised that the legislative process is moving too quickly. RBOC is providing the proposed language for the bill and plans to work closely on the bill as it goes through the legislative process. The suggested proposed language of this bill is being referred to now "Boater Safety Education" by the RBOC.

Stakeholders in this proposed law are you, the boaters. A survey has been drawn up by the RBOC for distribution to as many boaters as possible to address the stakeholders. This survey has been placed in the Clubhouse for members to complete and then place in the envelope for later mailing as a group. Please take the time to fill out this survey and leave it for me to mail to the RBOC for you. You may read about the development of this bill at www.dbw.ca.gov. Thank you for your continued support of issues regarding your source of recreation and enjoyment which is boating!
